

Veterinary Confirmation of Neutering

Use this form to confirm that an XL Bully dog has been neutered.

When to use this form

Owners of XL Bully dogs who want to keep their dog must provide evidence of neutering to their local council. The local council will use the form as evidence that the owner has met the neutering requirement for the dog to receive an Exemption Certificate.

Male dogs must be neutered through castration, and female dogs must be spayed. The procedure must be carried out by a Royal College of Veterinary Surgeons (RCVS) registered veterinary surgeon, or they must confirm that the dog has been previously neutered.

If the dog was:

- 18 months or older on 31 December 2024, you must provide the local council with proof of neutering by 30 June 2025
- younger than 18 months on 31 December 2024, you must provide the local council with proof of neutering by 30 June 2025 or within one month of the dog reaching the age of 18 months, whichever is later.

The local council will contact the dog owner if there any issues verifying the information on this form.
