# Safe Shopping

## To help us keep you safe you should:

- Be patient and respectful of staff, other shoppers and their space
- Be mindful of your personal belongings, keep them secure and only carry what you need
- If you are carrying a handbag or wallet, make sure it is securely fastened and carry it in front of you or in a front pocket
- Be vigilant and try not to be distracted in large crowds or busy spaces
- If you are using an ATM, be aware of who is around you. Conceal your pin number as you input it and put your card and cash away safely before leaving the ATM
- If you notice anything suspicious about the ATM or you feel uncomfortable with any of the people standing nearby, do not use the ATM
- Do not leave purchases on display in your vehicle. Store all purchases out of sight and ensure your vehicle is locked. Park in a well-lit area or attended car park
